

CONGRATULATIONS - YOU'VE HAD A BREAKTHROUGH!

At Energy Muse we design our jewelry to help the wearer achieve a desired outcome. Many believe it is Good Luck when jewelry breaks. This can be considered a breakthrough; a releasing of old energy blockages and a signal that your desired goal has been reached.

You may have worked through the energy cycle of your Energy Muse piece. Along with restringing the jewelry which aided in the breakthrough, it might be time to consider purchasing another piece of Energy Muse jewelry more in tune with your current energy needs.

If this is true for you, we encourage you to use the [Shop by Intention](#) feature on our website to find the new piece that is perfect for you now.

RESTRING AND REPAIR

Our restring and repair service includes restringing, cleansing, re-energizing and reactivation of your beads and gemstones. Think of it as a spa service for your jewelry.
